Dear Ms. Meagher:

I am a student at the New York University School of the Arts and am currently working on a documentary film on the assassination of President Kennedy. The film will be a student production, created under the supervision of Professor George Stoney. It hopes to present an objective view of the assassination and the resultant investigation and to place them into perspective as turning points in the history of the 1960's.

I am writing to inquire if you would be available to be interviewed for the film. I would appreciate having the benefit of your insight and feel it could be of great help in determining the direction this project will ultimately take.

Hoping to speak with you soon, I am

Sincerely yours,

Jeff Yablonka
