Dear Sidney Zion -

Your March 2nd wrap-up of the Garrison pratfall was fine and richly deserved by the New Orleans D.A. and his degree. Perhaps you will find the enclosures of some interest.

I've heard you on the Barry Gray program and with William Buckley, and (in a word) you have my unreserved admiration, so far. It is not something that I write gracefully, for lack of practice. Events have forced me to

Specialize in incorrectness
— especially with my
fellows "critics" of the Warren
Report.

If you would like to
read my book on the WR,
just say the word and
I will send you a signed
copy — there are
plenty left. No strings,
and no ulterior motive —
just that you seem to be
a whole person, despite
the NY Times.
