Dear Sylvia,

Regarding my last memo - I discovered, after getting my own map that the distance between Andrews Air Force Base and Bethesda is 19.5 miles - ~~km~~ and not 5-7 miles I had originally been told on the telephone by my local librarian. Manchester gives the route: DOAP: 392, 393, and 396.

This would make that drive, assuming speeds of 45-90 miles per hour (DOAP:396) approximately 20 minutes long. They would arrive at Bethesda between 6:30 p.m. and 6:45 p.m. - or one hour and 15 minutes before the autopsy began.

Onward,

FRED

P.S. Before I forget, could I get a copy of the list you made of DPD officers and their radio call numbers? Let me know xerox cost and I'll send you a check right away. Many thanks.
