Dear Sylvia,

After using Lillian Castellano's set of the 26 volumes for two years, I finally broke down and ordered a set for myself.

I received them the other day and am now trying to locate two copies (one for a friend who also just got his volumes) of your valuable subject index. Book stores out here say they cannot get them.

Do you know where I might obtain two copies?

Hope this letter finds you and your cat in good health and spirits.

Peace,

Fred
