Dear Sylvia:

I was sorry to learn from your letter of April 26th, that you have not been enjoying good health, and that you have had to undergo surgery. I hope that your condition is fairly well-stabilized at this time, and that there will be no further serious medical complications.

I deeply regret your inability to attend and participate in our JFK program at Pitt this coming November. It would have been a great personal pleasure for me to have you visit Pittsburgh, and I know that you would have made an excellent contribution to the program. However, I fully understand and appreciate your situation. Please do not feel that you are letting me down.

I shall let you know how things develop, and of course, send you a copy of the printed program later this Fall.

With kindest personal regards and best wishes for improvement and stabilization of your medical problems.

Sincerely,

Cyril H. Wecht, M.D., J.D.
