HSC Report News: (A late report - 7/15, from Jeff G.) Blakey will brief the press on Tuesday 7/17; Stokes and some members will have a press conference on Wednesday morning. The number of volumes is still uncertain - best bet: 1 or 2 on MLK, 7 on JFK (including a couple of big ones - probably on organized crime). References to 25 or 30 volumes include those already published.

Watch this space: Peter Scott, Russ Stetler and I expect to spend the next 4 to 6 weeks working furiously on a quickie book. We would like to know what people think of the report and find in the volumes. I'll try to keep up with this newsletter, my correspondence, and requests for copies - please let me know what's urgent (and send clippings of special interest).
