Dear Sylvia:

I shall forevermore be indebted to you for the carbon excerpted from the Sunday Star, Washington, D. C. April 26, 1970 page G-2. It arrived earlier this morning.

I have known about the problem with the Governor's thigh for several years. A national magazine which does not understand X-ray interpretation agreed to publish a short article if I could get new and better X-ray films. The Governor declined. I also wanted him to write an amicus curiae brief for my suit which we may get some action on this month. He declined to do this.

I certainly do hope this fragment of new data stays buried in this "gossip" column for a few months. Please do not advertise it. When I get a manuscript ready I will give you full details first.

Sincerely,

JN
