Dear Sylvia:

About two weeks ago we had oral arguments on the government's brief to dismiss my case and in which we clearly prevailed. The Judge asked supplementary briefs. Enclosed is mine which we filed earlier this morning. I believe the government has another week to file theirs. A decision should be forthcoming soon.

You may notice some new material in this brief. However, I need some information. Who do you know for certain requested to examine the X-ray films, photographs, etc., during the period of limbo from April 26, 1965 to October 29, 1966? At present we are unable to prove our assertion in the brief. (CE 397)
Regarding my exhibit "D" when did this go to the printers?
Enclosed is a reproduction of a letter from Epstein's paper-back book. Quite obviously the text has been set in type to make easire reading. Could you purchase, or have some onther person purchase, a 3x4 negative of this exhibit for me. You could send the enclosed Xerox copy to the Archivist for correct identification.
We might want to use this later and the original would be better than a copy from a book. I will, of course, reimburse you with my own personal check. I do not want to ask the Archivist for it because it may alert him to one of my ideas.

Sincerely,

JN
