

Nizer > everyone beyond for truth &  
facts. LBS agitated destroyed  
people outstanding counsel high  
repute all over nation  
prof of Law US attorney  
some called by RPK &  
indicted Earl Hunt  
WC to give it distinction  
for integrity which may  
be accepted that would  
hold zealously witness  
rept 800 + pg = 26  
vols testimony

To say as Lane says  
the WC didn't hid in  
rejection truth tortured  
evidence on its face  
seems so bizarre as  
justifying mind rejection

But ppl can't check 26 vols  
personally to check some of  
the entries. So well  
many ppl hearing  
charges vs WC East  
didn't say anything

"outrageous slanderous  
accusations" when  
not checked vs WC  
caused anxiety

I studied WR very objectively  
I was overwhelmed by  
not only sheer  
importance & truthfulness  
of the WR

Kept silence because  
thought writing books  
to fill of own water  
not so  
ppl compared &  
presumably have

type book. Finally decided  
to speak after 1 1/2 yr  
silence

Wishes from critic's perspective  
objective void.

Love & others debates  
Give only outline claims  
not a model structure  
of void - criticisms  
pure nit picking -  
incorrect at that.

Scientific proof

Immediately after Jan 5

Why argue if  
someone made  
a mistake in the  
exclusion?

What diff. does it  
make?

399 came from  
that gun, "parts  
of bullet recovered  
from car also"

No

No claim of  
possession

No proof bullet or  
fragments ever in  
JFK body

How test if man  
innocent? one  
is if he tells truth  
when arrested.

LHO lied repeatedly  
re facts

Denied owning any  
rifle Asked v  
Hedell said  
never heard of it

Found bill fld on  
LHO & does  
in name A. Hedell  
— one forged  
H = LHO picture  
= A. J. Hedell

Who was a common  
plutocrat at one time  
- He knew how to  
forge it - meg  
fund in forge  
where his wife  
she once lived

When confronted to it  
said, never heard  
A.T. Hidedell "now  
I've told you "

(No - he also  
said "you  
made notes")

Also US names  
Cert of Service in  
Hidell name  
in LHO bill filed

Should have been listed  
when said never heard  
Hidell

L. Douglas wrote

No such people

In PO Boy Nals

No such MD as

LHO admitted owning  
PO Boy to which rifle  
sent

himself as O'H Lee  
lied about landlady  
error

No doubt LHO in  
TSBD at time of  
creation Route  
on 11/19

On 11/22 LHO left  
Jimmy & Frazier  
Carrying "a heavy brown bag"  
per Randle

Thought bag color  
similar "just TSD"

LHO entered near door  
TSD & that bag

"This was a relation of  
a person he was living  
with"

27-28" per  
Frazier Randle -  
Just cause

for suspicion - but LHO  
palmsent found on  
bag

FBI tested bag &  
silver nitrate

Latent ID fingerprint

not ID LHO when  
bullet found in body  
ID as coming from  
his own revolver
