

9 June 1966

Dear Bill O'Connell,

Thank you very much for sending the clipping from the Los Angeles Times. There was an excellent story subsequently, in the Detroit News of 5 June 1966, on page 1; unfortunately, I do not have a copy or photocopy to send you, but I will try to obtain one. Meanwhile, if you have an out-of-town newspaper stand nearby, you might see if they have a copy.

I appreciate your offer to duplicate tapes and will certainly take advantage of that if the need arises.

Don't hesitate to phone when you have anything to discuss, or when you have the impulse. Things are certainly happening! What ultimate results will be, is hard to predict. But at least we have the door open a chink, at last, and perhaps it can be made to open wide.

Again, thanks, and kind regards.

Yours sincerely,
