Dear Maggie:

I think it would be remiss of me as a student of the Kennedy Assassination and the Warren Commission Report not to send a former colleague my prompt and honest reaction to your participation in yesterday's late night talk/phone-in show on KPFK.

You certainly made a strong case against the distortions and falsehoods of the Report and the manner in which you presented your point of view was, I thought, both adroit and poised.

On the same programme a few nights earlier, your friend and fellow critic Harold Weisberg had averred (of your impending talkathon) that "Maggie Field is something(sic) special"; and judging by the enthusiastic response of your listening audience, this was not mere puffery!

My warmest congratulations.

Sincerely yours,

Bill O'Connell
