Confidential Informant Dallas T-10 on December 2, 1963, furnished the following information:

He advised that according to the records kept by his office, LEE H. OSWALD executed application card form LSES-511 on April 26, 1963, with the aid of Dallas T-7. The card was executed in OSWALD's own handprinting and an additional card was typed by Dallas T-7 only for the purpose of filing a different job classification. He stated that if an applicant shows several different occupations of a different type, a card is prepared for each to be filed under the particular classification. He stated that at the time an identification booklet was issued to OSWALD, which he was to have presented each week when making a claim.

After the initial interview, OSWALD was sent to their office on Camp Street for further processing of his unemployment insurance claim. At that office an IB-1 Claim Card was prepared on April 29, 1963, showing OSWALD's claim was an interstate claim.
