Mrs. MARGUERITE OSWALD, 2220 Thomas Place, telephonically advised that she would like to present new evidence in the case of her son, LEE HARVEY OSWALD.

She stated she had received in today's mail a letter which she would like to turn over to the two FBI Agents who interviewed her recently at her residence. She inquired as to the names of these two Agents, and she was informed that the Agents were SA EARLE HALEY and SA ROBERT D. MADLAND. She then requested these two Agents to come out to her residence and pick up this evidence, as she was afraid to give this information over the telephone as her telephone is being "bugged." She further stated that she had reported this to the Southwestern Bell Telephone Company, but they had done nothing about it, and there was nothing else she could do. She stated that she knew the FBI was not "tapping" her telephone line. She was assured by Investigative Clerk JAMES VON WHITE that the FBI was not "tapping" her telephone line.
