LEE HARVEY OSWALD  
IS - R

State Department communication dated 5/17/62 furnished the following information concerning subject:

*7m2*  
"It has been determined that Oswald, the ex-Marine, is still an American citizen; both he and his Soviet wife now have exit permits, and the Department has given approval for their travel with their infant child to the U.S.A. There is a problem with his wife, however, in that SOV in the Department is trying to get a waiver of 243G, which requires that Oswald's wife pick up her visa for entry into the U.S.A. in Western Europe. As soon as this question has been settled, they will be free to travel."

You should be alert for subject's return to the United States and immediately upon his arrival you should thoroughly interview him to determine whether he was recruited by Soviet Intelligence or made any deals with Soviets in order to obtain permission to return to the United States.

Bufiles reveal that subject apparently did not have access to classified information. However, he is a former Marine Corps enlisted man; and according to information received from the Navy Department, he had service with the Marine Air Control Squadrons in Japan and Taiwan with duties involving Ground-Control Intercept. Dallas report 7/3/61 contained information to the effect that when subject appeared at the American Embassy, Moscow, in 1959 he was arrogant and aggressive; and he was quoted as having offered the Soviets any information he had acquired as an enlisted radio operator.

In your interview with subject, you should attempt to ascertain exactly what information he furnished to the Soviets. If any doubt exists as to subject's truthfulness during such interview, you should consider requesting his consent to a polygraph examination and, thereafter, obtain Bureau authority for such an examination. Results of interview with subject should be submitted in form suitable for dissemination.
