

basement area from the jail office, CHAMBERS heard a shot and heard OSWALD moan "Ohhhhhh," and saw OSWALD fall to the floor. The detectives on both sides of OSWALD went down with him. CHAMBERS related he saw a man in front of OSWALD crouched down with a gun in his right hand. CHAMBERS immediately reached for this man but about the same time approximately ten other detectives were on top of this man. CHAMBERS saw a detective grab the gun from the gunman. After this man was subdued some of the detectives took this man into the jail office. CHAMBERS followed this group into the jail office and saw detectives searching the man, who told them he was JACK RUBY. After RUBY was searched a group of detectives took him to the jail elevator. After this, CHAMBERS stated he noted OSWALD laying on the jail office floor and the jail doctor whose name he did not know, was giving OSWALD artificial respiration. Almost immediately the ambulance arrived and OSWALD was placed on a stretcher and placed in the ambulance. Lt. McKINNEY instructed CHAMBERS to accompany him with Detectives BEATY, WAGNER and RAMSEY to the Parkland Hospital. At the hospital, Lt. McKINNEY instructed CHAMBERS to guard the exit door on the second floor north and to keep all people out. CHAMBERS remained there about one hour until relieved after OSWALD's death and was told to continue his normal duties.

CHAMBERS stated he did not actually see OSWALD shot but did hear the report. He did not know RUBY and did not recall ever seeing him before. He has never worked for RUBY nor does he know of any police officer who has worked for RUBY. CHAMBERS stated he knew of no security measures placed into effect by the police department on November 24, 1963, and performed his duties as instructed by his superiors.

He did recall that uniformed officers were stationed in the basement area and that he observed officer R. C. NELSON in the jail hallway checking people for proper identification. CHAMBERS knew of no unauthorized people in the basement area and stated that he had no information of any relationship or association between RUBY and OSWALD.
