LIMMIE
LIMMIE MAE RANDLE, 2432 West Fifth Street, Irving, Texas, phone Blackburn 3-8905, was interviewed at the Dallas Police Department. RANDLE advised that she is the sister of BUELL WESLEY FRAZIER, who is employed by the Texas School Book Depository and resides at her residence, stated that she met LEE HARVEY OSWALD through her brother, and has known OSWALD and his wife for about six weeks. RANDLE advised that OSWALD's wife is MARINA OSWALD, who resides at 2515 W. Fifth, Irving, Texas, and that OSWALD spends the weekends with his wife at the above mentioned address. Her brother, WESLEY FRAZIER, customarily drives LEE HARVEY OSWALD to 2515 West Fifth, Irving, Texas, on Friday night, and takes him back to work on Monday morning. He stated that OSWALD is also employed at the Texas School Book Depository.

On the night of November 21, 1963, she observed FRAZIER letting LEE HARVEY OSWALD out of FRAZIER's car at 2515 West Fifth. Subsequently, she asked FRAZIER why OSWALD was visiting his wife on Thursday evening, as he usually did not visit her until Friday evening of each week. FRAZIER told her that OSWALD claimed he was visiting his wife the night of November 21, 1963, because he is fixing up his apartment and RUTH PALME, with whom his wife resides at 2515 West Fifth, Irving, was going to give him some curtain rods.

RANDLE stated that about 7:15 a.m., November 22, 1963, she looked out of a window of her residence and observed LEE HARVEY OSWALD walking up her driveway and saw him put a long brown package, approximately 3 feet by 6 inches, in the back seat area of WESLEY FRAZIER's 1964 black Chevrolet four door automobile. Thereafter, she observed OSWALD walk to the front, or entrance area, of her residence where he waited for FRAZIER to come out of the house and give him a ride to work.

RANDLE stated while at the Dallas Police Department on the evening of November 22, 1963, officers of the Dallas Police Department had exhibited to her some brown package paper, however she had not been able to positively identify it as being identical with the above-mentioned brown package, due to the fact she had only observed the brown package from her residence window at a distance.
