Dear Raymond:

Thank you for your recent letter concerning the House Select Committee on Assassinations' investigation into the death of President Kennedy,

I greatly appreciate your bringing the Moorman #2 and #5 photographs to my attention. I will bring them to the attention of the staff as you requested.

I can assure you that these photos were not ignored by the staff during the investigative phase of the committee's efforts. If the committee did not review every bit of photographic evidence during the public hearings, it was because of the serious scheduling problems which were involved. Each of the bits of evidence which were reviewed by us will be covered in the final report and in the volumes of evidence which will accompany it.

Again, thank you for your letter and for your interest in the work of the committee.

Sincerely,

FLOYD FITHIAN
Member of Congress
