

Telephone call from Bob Silvers, editor NY Review of Books, Wednesday 11 am 8/3/66

Several publishers dickering, interested in a book from Popkin. Wants to quote phrase from my letter of 7/16/66 to Popkin,

"The whole article is stamped with the authority that can only be achieved by patient and comprehensive study of the testimony and exhibits, an exercise which has been undertaken by lamentably few critics of the WR."

Would attribute to ~~Smx~~ author of Subject Index etc. I said, sure, use it.

Asked if any of the publishers might be interested in my ms. Sure; second thoughts--difficult to mention it now while dickering with various publishers re Popkin book. Maybe will mention later.

Invited me to lunch with him Wednesday 8/10/66 12.30 Russian Tea Room, ask for Bob Silvers, they know him there.

Promised ask Paul Hoch send him index of CDs/CEs; and wrote request today.
