

Note for the Record

Feb. 6, 1987

The phone rang this evening and I heard a stream of obscene abuse. It was Ted Gondalfo AKA Bob Foster. He said that he had just learned what I "did to Garrison's book" — that I was a "fucking CIA cunt" — and that he would "expose me to the whole country". I said absolutely nothing. After further filthy language and verbal abuse, he hung up.
