

WINS Radio, News item, Friday night 10/21/66 8.20 pm and each half-hour thereafter

Professor Wesley J. Liebeler of UCLA announced a new investigation of the assassination of President Kennedy will support the findings of the Warren Report. The investigation will be carried out by 20 law students at UCLA; because of 2 recent books which have disturbed Professor Liebeler. He claims that neither Rush to Judgment nor Inquest sets forth the evidence objectively. He will write a book himself giving both sides of the evidence to allow the reader to make up his own mind.
