When we began assembling Catalog 7 in early September, we were certain that it would be slightly smaller than #6. Well, we cannot spend much time telling you how this catalog grew, for we have expanded two pages, and our printer says "No More!". However, there are a couple of new sections we must point out. The first is the One Issue Magazines. This section includes many magazines, pamphlets, handouts and "collector's issues" that were printed after the assassinations or after developments in the cases against the assassins. Many of our customers have asked for these issues and a large boy gives us the best selection we have ever had for sale. The second development is the return of the newspapers. We have also bought a large number of newspapers during both the JFK and RFK assassinations, as well as a number of "front page only" newspapers of this era, as well as major events of the entire 20th century. These were collected by a man that planned to frame them, and the condition is superb!

If you are searching for a book that is not here, please drop us a line. As always, many books purchased for a catalog are sold prior to printing. Also, we have a shop of over 20,000 books in many categories and will look for other subject areas for you.

WE ARE ALWAYS INTERESTED IN PURCHASING COLLECTIONS & DISTINCTIVE ITEMS ON THE LIVES AND DEATHS OF JOHN AND ROBERT KENNEDY, as well as related subjects (like intelligence agencies). Since next year will be the 25th anniversary of the JFK assassination we hope to bring you particularly memorable catalogs. Please consider us when you wish to sell.

GLOSSARY: We use some standard abbreviations in our catalog: dj - dust jacket, SC - softcover or paperback, often an original printing, EP - front endpaper, FON - former owner's name, Insc - former owner's inscription X-11b - former library book VF or Mint-as new, F - none to very little wear, NF - near fine condition, VG - very good cond., some normal wear, G - good cond. with substantial wear.
