Dear Sylvia Meagher:

We have heard about your investigation and coverage of the Warren Commission Report and are in contact with others engaged in similar work.

It is our hope that Ramparts magazine in future issues will become a forum for the investigative work now being done. We plan to devote part of each issue to the subject, beginning with our April number-- indefinitely, until the Warren Commission is reopened.

If you are interested in submitting reports to us, it would be most welcome. We pay on publication. Since we are interested in thorough, long-term research, we would be pleased to see anything you have, even if it is in a raw state or otherwise not for publication. We would also like at some future date to send someone to discuss in detail your investigation, if this is convenient for you, and eventually, perhaps, to collect all the assassination sleuths in one place for a conference.

In case you are not familiar with our magazine, I am enclosing a copy of a recent issue.

Please feel free to write us at any time. We are looking forward to hearing from you.

Yours truly,

David Welsh
