Dear Mrs. Meagher:

Mr. David Welsh has just informed me that you have not been receiving your magazines. This is very strange since your address and all other pertinent information which enables us to reach you each month appears correctly on our mailing list. Perhaps checking with your local post office might help. I'm sure the I.B.M. monster machine likes you as well as anyone... but then I suppose even machines have their preferences... In any case I will check into this and try to remedy whatever situation it is that is causing you to miss your magazines...okay?

I'm also mailing the November and January issues to you today. I believe Mr. Welsh has sent the December to you.

If you have any more problems with your subscription, please let me know.

Very truly yours,

Pauli Gilliland
(Miss) Pauli Gilliland
