Dear Mr. Yohan,

I am sorry about the mix-up, as I would have liked to join my friend Curtis Crawford on the panel with Dwight Macdonald. If one of your guests should drop out, I hope you will keep me in mind. Meanwhile, as suggested, I am sending you the article I wrote in November 1964, although it is now out of date. It is my only remaining copy so I will be glad to have it back in due course.

Now that the Hearings are available, I am making a comparative study, weighing the assertions and conclusions in the Warren Report against the evidence and testimony. You might like to look at the enclosed copy of some preliminary notes, which I hope to incorporate eventually into a book.

As I explained to Randi on the telephone a week ago tonight, I used the name "Isabel Meagher Davis" on my November article because I am an official at the United Nations and naturally must avoid a public stand on a controversial subject, which is likely to create embarrassment or difficulty. Feel free, however, to telephone me at my office--Plaza 4-1234 ext 2024--or at home--Chelsea 2-4293.

Yours sincerely,

Sylvia Meagher
