Dear Sylvia -

I hate like Hell to ask this, but I would appreciate it if you kept this confidential, eyes-only, burn-before-reading. Boxley made me promise to restrict it (or, rather, when I saw that he was getting spooked, I said I would).

I detest compartmentalization of knowledge, but I think I might be able to get Boxley to loosen up after a while.

Regards,

Henry

p.s. more will come when typed up.
p.p.s. let me know your comments.
