Dear Sylvia,

Many thanks for yours of the 7<sup>th</sup>. I'm a little sulphoric right now, since I consider you to be one of the indispensable sources for our magnum opus. And don't worry about your schedule. It would not only be impolite to rush you, but also counterproductive.

I'll probably get a chance to see the "Texas Observer" later this month when I am in Dallas. I have a letter of introduction from the Pacific NW Major Coordinator of the Birch Society, which should get my foot in the door with people like Walker, Lester Bogue, and -- dare I think it? -- Arcacha. While I'm shaking down Dallas, Larry will be squeezing L.A. (and so will I, on my way back from Dallas).

If there is anything I can do for you in Dallas or LA, write me. I'll be in Dallas hopefully from about the 26<sup>th</sup> or 27<sup>th</sup> for 7-10 days, staying with Mary Ferrell, 4406 Holland. While I'm in L.A. <sup>(3-7 days)</sup>, messages can get to me c/o Fred + Marilyn Newcomb, 4640 Noble Avenue, Sherman Oaks, CA 91403. I'll be leaving here no sooner than the 21<sup>st</sup>.

New assassination joke (a Rev. G. Edward Remnar original): Didja hear what Jack Ruby said to Marina? No, but I bet the FBI did.

Weather here remarkable: 2 weeks of warm, dry weather. Locals are thumbing through their King James versions to ascertain whether this is a portent.

If I don't hear from you sooner, have a nice vacation.

Best,

George
