Dear Howard,

I learned from Harold Weisberg during the CTIA conference that your manuscript had been accepted for publication by the Fairlie Dickinson Press, and upon my return from Washington I found your letter of the 22nd.

Howard, I am very happy indeed to know that your fine work is to be published. My most sincere congratulations.

I took the occasion of seeing Harold again to tell him as I now also wish to tell you that I was wrong about Cyril Wecht and his examination of the autopsy photos and X-rays in the sense that it did not achieve, as I had hoped and believed it would achieve, a real breakthrough in the JFK assassination. By the same token, neither did it plunge us into irreversible disaster.

So far as I am concerned, my feelings toward you are cordial and friendly and I welcome hearing from you --especially, hearing such very good news. You fully deserve the recognition and the success which I feel sure your work will have. All my good wishes and personal affection,

Sincerely yours,

*Sylvia*
