XU 254 Russ Knight, radio announcer for KLIIF (~~at LHO~~) - states only 3 blocks from DP, was sent there Fri pm late to get taped interview w Wade. When arrived 1 AM met Ruby at main floor entrance talking to people, Ruby took him to basement & ptd out Wade, then Ruby asked Wade to give Knight an interview. NB Ruby insisted Kn should ask Wade if LHO insane. At least 2x on way to basement.

256 Did not urge any other ques. Wade said LHO not insane. Crime was premeditated, after interview (30 secs) Ruby cornered Kn again offered food, ride back WLIF, refused.

257 Ruby said LHO goodlooking & resembled Paul Newman. Knight got impression Ruby had been hanging around DP when LHO brought in for TT. Ruby expressed no bitterness or anger → LHO. Kn says Pagges there while Ruby but Pagges (p. 365) says absolutely not.

259 On leaving KLIIF Ruby appeared Kn some HLIHant literature which Kn thought had come from a radio station file because commercials were included. Kn cannot find that script nor his tape w Wade interviews. Not clear how Ruby felt re LHO "Heroism" mss.

260 lifeline on WKTD (not on ~~WLIF~~ WLIF) Kn thought Ruby didn't know what he was supposed to think of the script & wanted Kn's reaction to it.

261 Ruby phoned Kn later 6-8 pm Saturday to ask who Earl Warren was. (But his foray to photograph the "Angeles EW" sign was supposed to be at dawn & more than 12 hrs before the phone call!)

264 late Friday (dang night) Ruby while at KLIIF said he wanted the owner - Gordon Mcendon - to do editorial on the assassination & role of the right wing extremists.

265 Kn. Does + than coincidence in Ruby having "Heroism" script & shooting LHO.

XIII (Crapford)

438 his impression was that Ruby was "queer" i.e. homosexual based on effeminate talk & walk. But he never made overtures to Crap, or any other male so far as Crap knew. Crap. also thought Senator was a homosexual.

440 felt Ruby & Senator were together "an awful lot" Says Ruby would become furious at racial jokes by MK's and lost temper, saying did not want any jokes made vs Negroes. Ditto on dirty jokes when dealing

442 with "abnormal" sex. Coincident Ralph Paul decent guy but stuffed shirt. Chentel's not homosexual.

(445) within a week of the assassination Ruby became very angry, after phone call (?), sent Crap. to get his gun. Hubert suggests Ruby had pistol-whipped a predecessor of Crapford's. Crap. denies hearing that.

446 Crap. asked Ruby put him on salary, after being there some time, felt he had no private life. Crap. knew about JFK visit 3-4 weeks in advance, papers gone probably route motorcade about a week ahead says he Ruby & AA discuss JFK visit in terms best to business.

448 ~~off the record~~

(Ruby)

XIII Creaford (continued)

448-9 both Creaf & AA had planned see JFK in motorcade - yet AA came to CC & spent the morning, Creaf. was asleep. Thinks AA might have gone out to see motorcade & then returned. [NB - AA says he awoke (p. 326) got haircut took noon bus to CC - ~~did not~~ suggests had planned, or did happen see motorcade momentarily, assumed he had missed it.] Creaf. assumed AA arrived CC early because "beer was all taken care of"

451 cannot explain why it was so difficult AA to awaken him AM of 11/22, thinks not been tired. So very vague about what time AA did wake her & say JFK shot, what was on TV or radio

452 says Ruby arrived 2 or 2:30, seemed shocked, acted nervous, does not recall Ruby crying, says he was agitated because Dallas would be ruined & business would be hurt.

Creaf, AA & Ruby agreed the assassin should be hanged - recalls AHO already arrested at time & news given before or as Ruby arrived. Says Ruby stayed 30 or 45 min.

455 says Ruby left 3 or 3:30 returned 4:30 or 5 stayed 15-20 min. (456) - says AA had left before Ruby returned - while AA says was still present when Ruby returned (p. 336)

458 Creaf. says stayed at CC, TV & read books (Fri night) went to bed about 9 pm - very likely story.

(Ruby)

Friday

216...At time JFK shot was in uptown Dallas bar drinking his lunch...he and Ruby had mentioned JFK visit before 11/22 but Ruby had not indicated if he would see motorcade...next saw Ruby early Saturday am when he woke him to take photos billboard "Impeach Warren"...no attempt by either to contact the other after the news on Friday...218...Ruby woke him about 3 a.m. excited, moody...Craford took 3 photos Impeach sign, Ruby did not indicate why he wanted them. Ruby attributed sign to John Birch or Communists...afterwards the 3 of them went to P.O. where Ruby made futile inquiries about the P.O.box renters...220...i.e. the PObox nos. given on sign and in Welcome ad...says Ruby very angry about IMPEACH and WELCOME...(check conflict with Craford on whether he too went to PO as Senator claims)...says the 3 then went to a coffeeshop, stayed about 15 minutes...says Ruby reacted harder than others to JFK... 222...Ruby did not appear connect the ads with JFK murder or discuss the agent(s) responsible. 223...believes 3 photos IMPEACH were taken by DP when they seized Ruby's money, papers, etc.

Saturday

224...thinks he and Ruby returned apt about 5-6 a.m. Says he awoke about 10, Ruby still asleep, no indication any phonecall from Crafard as he claims resulted in tongue-lashing but is not willing to say no phonecall actually received...but says if there had been a phonecall assumes it would have awakened him...226...says he left apt about noon...after some conversation with Ruby, in which he did not mention closing CClub...suggests Ruby closed for motives other than the self-interest suggested by either Crafard or Armstrong (check)...228...says Ruby cried, had faraway look...230.....Senator went to Eatwell (Markham) coffeehouse...cannot remember how he spent the afternoon...returned apt about 7 with groceries... Ruby not there...no phonecalls came...left about 8.30, went bar-hopping, returned 10.30, 234.....Ruby was there, said he had already eaten and was going out...left in few minutes... 236.....went to sleep, does not know when Ruby came in, next saw him Sunday a.m.

Sunday

he awoke about 8 or 9, Ruby soon afterwards...Ruby put on TV for latest news...seemed disturbed --mumbled and paced..."But he did, which I forgot to tell you, he did get that call from this Little Lynn from Western Union.".....Ruby answered phone himself, Senator heard him ~~xxx~~ mention WU and \$25...(seems to have studied this part of testimony fairly well)...Ruby did not mention LL had called the night before.....239 When Ruby left, he said he was taking the dog down to the club...240 Senator does not remember any phonecall to Ruby from Elnora Pitts NB: check Pitts testimony, didn't she phone Ruby 2 x? (WC Report says Pitts phoned between 8:30 and 9, LL phoned 10.19 a.m.).....244 thought Ruby left apt 10.15 or 10.30 (tho learned later he was wrong and had left just before 11)...About 45 min later Senator left and went to Eaxtwell coffeehouse (though says was having coffee in apt, had closed TV and was reading paper, and had bought groceries night before).....During his 2nd cup coffee there, heard waitress tell another persons LHO was shot

(P. 253)
(254)

NB: At this point Senator was very near CClub, where Ruby said he was going with dog, but made no attempt reach him...Phoned Martin, the lawyer, who was at church...

Ruby : Senator

245...The same waitress next called out that Carousel Club and/or Ruby involved in shooting of LHO...whereupon Senator proceeded immediately to Jim Martin's house

246...admits he rushed to Martin at least partly out of concern for himself, since he was the roommate of the man who shot LHO...but denies any such motive for the prior phonecall to Martin.

247...strongly denies suggestion any abnormal relationship with Ruby...On Martin's advice went to DP...where put in room alone and kept waiting, then interrogated by DP and FBI to evening

248...denies he was arrested or handcuffed...was questioned about his and Ruby's movements since JFK...forgot to mention the IMPEACH photo episode...NB: check for indications this incident actually took place

250...DP interrogation not very detailed but FBI as thorough as Hubert/Griffin...does not remember if he accounted for his time Sat pm or mentioned IMPEACH episode to FBI agent...

FBI agent said he could go, about 6-7 p.m...was handed message from Martin on way out and went to meet him in bar nearby.....252 Griffin tries determine if Senator knew Markham as Eatwell waitress...no luck....Not aware if Ruby known in Eatwell but no one said anything

to him Sunday or afterwards.....253 insists not aware when he phoned Martin any involvement of Ruby or CClub...NB: Sunday night and next ten days was frightened and did not

return to Ruby apt, slept different place each night...but denies fear police might try incriminate him in LHO killing, says he was "just scared"...might be hurt...might be killed... "by some crackpot" (that would make 3)...denies he was afraid of any specific group or individual...(he is bloody liar)... Insists never entered his mind Ruby part of plot to kill LHO, never occurred to him Ruby acted with anyone else, always knew from first moment what WC now knows, random act by Ruby acting alone...Senator apparently the one person in the country that failed to suspect Ruby was agent for higher-ups.

256-258

261... does not recall any discussion Ruby when he met Martin in bar after DP/FBI qu

263....Monday, roamed around in fog, did not work...went to see Tom Howard, lawyer, sometime during day.....264 vague on reason for going or nature of conversation

"there was no purpose in mind"

265 When heard LHO shot by Ruby, could not imagine his motive - had never indicated such intention.
