RPC/88

On April 29, 1964, Mr. FELIX PARKER, 10225 Lako Gardens Drive, Dallas 18, Texas, telephone DA 7-3408, who operates a Martinizing dry cleaning establishment, telephonically advised SA ROBERT P. GEMBERLING that he had been shown a large photograph, approximately eight by ten, depicting President KENNEDY in his motorcade, and that such picture also depicted bystanders very clearly.

Mr. PARKER stated that the above-described photograph had been exhibited to him by Mrs. WANDA SCHAFER, who operates Hurst Reweaving, 2722 Greenville Avenue, Dallas, Texas. He stated that Mrs. SCHAFER did not state from whom she had received this photograph, and Mr. PARKER states he does not know the actual location reflected in the photograph. Mr. PARKER stated, however, that one of the bystanders depicted in the photograph resembles JACK RUBY.

Mr. PARKER stated that he felt Mrs. SCHAFER would be most happy to make such photograph available for any purpose it might serve in the investigation of the assassination of President KENNEDY, and for this reason was making the above information available.
