Dear Sylvia,

Thank you for your note concerning the long John Nobel program, we found it when we returned from vacation. Was the program presented? If so, was there anything new in it?

We spent one day in Dallas. Our conversation with Ruth Paine and Michael Paine was interesting. Michael Paine advised us under questioning of a cross-examination nature, that Oswald was serving as a spy in right wing organizations. I did not ask him, nor did he offer an explanation as to the reasons why and for whom Oswald was spying. I have some theories on this subject. I make a practice of not putting in writing my theories. When we see you I will be happy to discuss them with you. I am tinkering with an article on the Connally wounds. The material is not in the exciting category, but it may turn out to be worthwhile.

My wife asks me to invite you to our home for a day. Should it be possible for you to spend a day with us, it will give us much pleasure to have you visit us.

Regards,

Vince
