

19 June 1966

Dear Vince,

I am really sorry that I can't go to the Archives with you on the 27th but as I explained I must be at the Trusteeship Council religiously that day and for the succeeding four weeks. But I am going to ask a favor of you—can you determine, when you are at the Archives, whether or not the FBI Supplemental Report dated January 13, 1964, and possibly bearing exhibit no. 108, has been declassified and made available? I will be very grateful. (I am also asking Harold Weisberg to look into the same question.)

Be sure to get the next issues of *New Leader* and *New Republic*. Sauvage's review of Epstein's book is in the *New Leader* (I haven't seen it yet) and I am told that there is a joint review of the Weisberg and Epstein books in the *New Republic*, which is said to end with the statement that the Warren Report may be dead and may require an autopsy.

Susan is here, hard at work helping me, and joins me in sending love and kisses to you and Livvie and Ernie.

Hastily,
