(1) Please return the transcripts of Wecht's broadcasts sent to you on 1/30/67. (2) Please send me copy of the letter on the head injuries. (3) How come Berendt told Jones Harris (who then told me) that I was to be present at the interrogation of Brown after an exchange of \$\$\$? (4) I thought we agreed on "back to the evidence"? (5) Maggie will be in New York on February 22nd for about a week or ten days. She would like very much to visit you. Can you keep open Saturday the 25th or Sunday the 26th? We could make a morning train and spend the day with you--or you could come here, if you prefer. (6) Please be careful with these frauds and phonies, including the Madison-Avenue sensation-seekers and certain dilettantes orbiting the Royal Family-to-be. (7) Including one who is larger-than-life. I had lunch with him Thursday--a nice, open, clean-living young man but carefully "neutral" on the WR and LHO, which has often been the precursor of an attack on our position, as you may have noticed. (8) I haven't made a copy of this, so please don't reply by number. (9) Please pay attention.

I still love you--but

Arnoni's photocopy service is more prompt.
