

11 February 1967

Dear Vincent:

- (1) Please return the Wecht transcripts which I sent to you on 1/30/67.
- (2) Please send me the photocopy of the letter from the medical student on the head injuries, as previously requested.
- (3) How come Berendt told Jones Harris (who then told me) that I was to ~~be~~ be present at the passing of §§ and the questioning of Brown? Had I been invited, I would have said "no thanks."
- (4) I thought we had agreed, "back to the evidence"??
- (5) Please beware of these frauds and phonies--the Madison-Avenue headline-seekers and the dilettantes orbiting the Royal Family as well as the Browns. Including the larger-than-life guy with full credentials. I had lunch with him Thursday. He is nice, forthright, clean-living young man BUT carefully on the fence re the WR and LHO, which has often been a precursor to attack on our position, as you will have noticed.
- (6) Maggie is arriving in New York about February 22nd for a week or ten days. She would like very much to visit you. Can you save Saturday the 25th or Sunday the 26th? We could make a morning train and spend the day with you, or you could come here if you prefer.
- (7) I still love you...but Arnoni's distribution and xerox service is superior, so watch out.

Yours, eye,
