Mrs. Sylvia Meagher  
302 West 12th Street  
New York, New York 10014

Dear Sylvia:

Thanks for sending me a copy of your February 25th letter to the Editor of the Englewood, New Jersey, Press Journal. I wonder how many of these people, news media and readers, have enough interest and intelligence to appreciate the points that you have made, even though they are abundantly clear and concise. It seems that we are forever on the defensive, trying to reverse or dilute the impact of the "official" nonsense given out to the public every now and then by either Government officials or self-appointed WCR apologists.

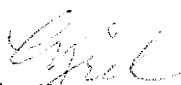

I am waiting to hear from Long John about the availability of a tape. Jerry Policoff called and told me he would be transcribing portions of the program, and would send them to me when he is through.

What did you think of Crosby's meeting with Marshall? I am more pessimistic and angry than ever. I spoke with my friend, Dean Davenport, and I have asked him to try and arrange a meeting in New Haven with Marshall. I am convinced that the only chance I have of being granted permission is to confront him personally.

I'll let you know what happens.

With kindest regards.

Sincerely,

  
Cyril H. Wecht, M.D., J.D.
