Dear Mr. Berkeley

Yes, I can and will gladly change my letter to Vincent Salandria into an article for publication in Computers And Automation. Indeed, I have already begun to do so mentally. How long should it be and when do you want it?

I anticipate only a minor difficulty easily overcome with your assistance. In order to make my piece comprehensible to readers I ought to know how much of Vincent's speech appeared in your publication. Did you run all of it? Or selected parts? Perhaps you can send me a copy of the issue or issues in which it appeared. At the same time I would consider it a favor if I could have, in addition, copies of other older issues containing material on the assassination of President Kennedy.

Very truly yours,

Thomas Stamm

P.S. Your letter was addressed to "Theodore Stamm."

Was it an error? Or is there significance in the use of that name?
