

4 May 1966

Dear Mr. Sauvage,

After our conversation on Sunday I had a telephone call from one of my contacts in Hollywood, Mrs. Castellano, who was good enough to send me the following information which may be helpful to you.

From the Los Angeles Times, Monday 9/28/64 (AP)

The former Attorney General, Robert F. Kennedy, said Sunday that he does not intend to read the Warren Commission Report but that he has been briefed on it and he is "completely satisfied that the Commission investigated every lead and examined every piece of evidence."

Regarding Epstein's book, the publisher tells me that review copies are expected about the 27th of May.

Yours hastily,

Sylvia Meagher
