Dear Mrs Hardy,

I know it is late, but I hope it is not too late to incorporate a few more additional citations in the subject index to the Warren Report. If it is possible, the references on the enclosed page should be inserted in the appropriate place under the indicated headings. Please accept my apologies for so many afterthoughts (I could probably go on indefinitely).

You might let me know, if you have a chance, whether or not I will have an opportunity to check the final proofs, and what the expected date of publication looks like. Will it have hard covers?

Many thanks.

Yours sincerely,
