Dear Mr. Schoener,

In reply to your letter of December 16, 1968, requesting copies of the slides of Lee Harvey Oswald (supposedly, but not sure) which I had turned over to the F.B.I. because I felt they might help determine if they were really of him, I have never seen or heard anything at all from either the F.B.I. or National Archives. Your letter enlightened me with knowledge which I was completely unaware of.

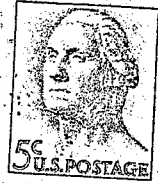

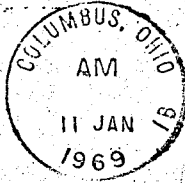

Therefore, I am unable to help you in this matter.

Your guess is as good as mine as to whatever became of the slides.

Sincerely yours,

Barbara Brooker
