Harold asked me to send the enclosed to you. I trust that this letter will find you in good health and spirits.

Ned Crosby tells me that you are writing an article for the Texas Observer charging Belin with subornation to perjury. When is it due to appear?

Mary Ferrell tells me that she hears from you often, and that you have spent time together. When I stayed with her two years ago she filled me in on many of the more private aspects of the Garrison investigation which make Garrison's public pronouncements seem relatively tame by comparison. I guess that much of that continues through today. Jim's contribution of craziness seems to surpass Boxley, Turner, and Sahl-Lane. A lot of us certainly used poor judgment in that case.

Ned saw Lloyd Weinrob, a minor staff attorney for the Commission, today. He helped write the biography of LHO, but we don't know how much of it. We will keep you informed about it.

I just got back from 2 weeks in California where I saw Paul Hoch, Hal Verb, and the Newcombs. Paul says that the melon thing is dead and not going to be published. The Newcombs are hard at work on the case. Everyone seems happy and well out there.

Well, I'd better close now. Best wishes.
