By letter dated June 30, 1964, the President's Commission called attention to page 269 of the report of SA ROBERT P. GEMBERLING dated March 10, 1964, at Dallas, Texas, which sets forth the details of an interview with WARREN REYNOLDS, who has been the subject of a newspaper article written by BOB CONSIDINE.

The President's Commission pointed out that in this interview of REYNOLDS, he states that General EDWIN A. WALKER attempted to contact him and that in the event such contact was made, REYNOLDS would report the results of such contact to the FBI.

The President's Commission letter requested that REYNOLDS be interviewed to determine whether General WALKER has been in touch with REYNOLDS and, if so, the nature of any conversations or communications between REYNOLDS and WALKER.
