Dear Sirs:

I am enclosing a letter to the editor on the subject of Richard Popkin's review article of Edward Epstein's Inquest: The Warren Commission and the Establishment of Truth. I believe that the nature of the material requires me to send you the documentation of my statements in the form of extensive footnote references. However, if you choose to print my letter I would understand your decision if you felt that limitations of space prevented you from publishing the footnotes also.

Yours truly,

Robert W. Kilpatrick
