Dear Sylvia -

Great about your book - congratulations.
Can hardly wait - hope it will force
some official action.

Your articles came today - many
thanks. They will make great reading
in a new home next week. Am switch-
ing from secretarial work to Child Welfare
and had to begin out in the far country.
Could not work out the combo of work
and school in Dallas and thus my change
in plans.

The best of luck on your venture
and in your work. Sincerely,
Margaret
