

January 24, 1973

Dear Mrs. Meagher,

I'm sorry to hear that you have been ill, and hope that "taking-it-easy" leads to a quick & full recovery. When, and if, I discover any concrete material I'll be sure to inform you.

Your book, in my estimation, is still the best in aiding the search for new material & seeking answers to old questions.

Sincerely,

Ed Stemmer
