

Call from Dick Sprague 7/20/67 9:10 - 11:10 p.m.

Was away for a few days in Tanglewood with Gloria, forgot the case for a brief vacation...Is having trouble with the divorce, it is taking longer than he had expected...Long report on his latest photo/film work:

- (1) Lovelady in DCA film wearing ~~man~~ red and black (or blue) long sleeved lumberjack shirt, he is certain the shirt is NOT the one in the doorway;
- (2) Has found a photo taken between 6 am and 10:30 on 11/22/63 which shows two white men in the sixth-floor window (next to the SE corner window), facing each other...this window is open all the way; all the other windows are closed completely...one man might be LHO (right profile), the other could be a conspirator...they may be trying see which is best window from which to stick out a rifle, or a decoy rifle or object...the man on the right is wearing bright red short sleeved shirt;
- (3) His next project will be study of the real trajectory of the first shot: he believes Humes' claim that one bullet went through the neck; believes there were 2 wounds in the back, one high in the neck and the other in the back per Sibert/O'Neill...If throat wound is entrance/wound, could have been fired by Cuban-looking man standing in front of umbrella man in Willis 5, using a small revolver; if it is exit, shot came from 2nd or 3rd floor of County Records building...he has located a photograph showing something strange, flare of light and other things which are not clear, in such a window...

Black Star agency has 320 black and white photos taken from 12/34 pm on 11/22/63 through the weekend, various locations; 11:34 am photo has Brennan standing in front of TSBD doorway, talking three men who seem like plainclothes men; a few minutes later, photo of parking lot shows white station wagon with luggage rack, near it, a Cuban or dark-skinned Latin man, holding what might be radio equipment or a walkie-talkie...

Still feels strongly that Hughes film shows no one in window...has seen the original, vs Tink's poor copy...Has photo of Larry Florer, taken into custody, raincoat and horn rims but not the man arrested described by Joesten or Sweatt...Also has photo of skull fragment where discovered, blood on the grass...Suggested he should tell Tink immediately...
