Dear Dick,

Thanks for your letter of the 21st. I asked about the shed because I heard that some scholar has postulated a shot from that general locale on the basis of trajectories of the wounds of JFK and Gov. C. That would be invalidated if any photos or films (during the shooting) showed the roof of the shed but no one on it. Apparently the possibility remains open as the photos by Murray and Callock were after the shots.

No, I have not heard of any new effort to start something in Congress, but would be interested in any such development, of course.

Now that I know that you are dabbling in magic (or what appears to be magical), your enchantment with The Great Garrison becomes more understandable. Me, I am still dabbling in the realm of fact, and still get pretty angry when supposed heroes on the side of Truth and Justice take rather indecent liberties with said fact. (See enclosed.) All the best,

Sylvia Meagher
