Dear Mr. Stamm:

In response to your inquiry of May 7 concerning the availability of a paper presented at our recent annual meeting, "The History of an Assassin" by Wesley J. Liebeler, we have but two permanent file copies but could thermofax a copy for you for 5¢ a page which is the cost of the thermofax paper to us. There are 31 pages in all.

We will await word from you.

Sincerely,

Elizabeth Crossette
