Dear Tom, ~~Stamm~~

You may remember that back in 1965 you were good enough to alert me to the fact that Liebeler had given a paper on Oswald to the American Psychiatric Association. Thanks to your thoughtfulness, I was able to obtain a thermofax copy from APA. However, I then loaned it to Vince Salandria, when he dropped in on me in July that year and I met him for the first time. I have never been able to get it back --Vince seems not to remember the incident at all.

If it is not inconvenient, perhaps you would lend me your copy of Liebeler's paper so I can xerox it. I'd be grateful.

Have a good weekend in Philadelphia!

Best,
