Dear Sylvia,

Hope you're better. Called last night -
line was busy - to tell you I had

slides. Got a review this a.m. Will go to
work this weekend. Then will
consult you.

Letter accompanying slides reads:

"We have heard good things (!) of
your research from David Lipton and in
Sylvia Meagher's book." (Thank you.) "If
you can offer any criticism or help on the
enclosed 2 HO slides we would
appreciate it." Will try to oblige
