Dear Sylvia,

I remembered you said you do not receive the Middlebrian Mirror anymore.

This looks like Jones has something —

additional proof the Pres. limousine accelerated after the fatal shot. His charge

of a trap is, of course, a forced conclusion. It may be true but if so needs evidentiary proof.

Who is Crawford and what is his connection with the assassination?

Tom

I suppose you can type out these blurbs for your files and let me have the papers.
