Ma chère amie, As you know  
 Paris is overwhelming. It needs  
 fifty years of preparation to  
 absorb only what is put out  
 fifty years to dig beneath the  
 surface. May is rejuvenated.  
 Her relatives whom we visited  
 asked only one question about K:  
 was it a "complot," was it not. Only  
 Americans, brainwashed for years, could  
 think otherwise.
